a mess. All images must be secured in a pdf file if you're using the image is flattened as part of a background and not lMagnetic Slime Experiments Looking for a recipe for magnetic slime? MS-PS2-3. Ask guestions about data to determine the factors that affect the strength of elPage 8My Fluffy Slime product is my bestseller, so I thought it was time to make a regular ol' slime project! This includes visual checklists, recipes, leveled worksheets including skills such as sequencing, comparing/contrasting, matching, measurement, and problem solving! Your students will have a BLAST while working on life skills at the same time! Page 9The slime craze is real with students at my school! I created SLIME! Sight Words to put a fun twist on learning sight words. Interactive Student Book in Color: Pages 24-33 -Book Add-ons: Borax Glittery Slime Experiment Data Sheetsby Scientific method data sheets with pictures A great sensory activity while comparing states of matter through observation and categorizing. This is part of the scientific process after all. I can't think of a better way to get them excited about measurement conversions! In this project, students will be given a slime recipe that is all mixed up! The cups are listed in gallons and the teaspoons are listed in ounces. I discuss solids, liquids, and gases with my students and then we make slime which exhibits properties of both solids and liquids. Included is a slime recipe, three sequencing activities that can be used for whole group practice, individual practice and a grade. Helps remind them to share responsibility and stay in lab area for safety PLUS it is really fun. Interactive Flip-Flaps: Pages 3-7 2. Include a little STEM (Science, Technology, Engineering, Math) to add some fun! This no prep packet is perfect to use when making the activity by accessing prior knowledge Slide 4: Slime Recipe Slide 5: Slime Picture Recipe Slide 5: Slime Picture Recipe Slide 8: Sequence mat Slide 9: STEM Response SlFluffy White Snow Slime Activityly Practice following directions and sequencing during this fun winter slime activityly Practice following directions and sequencing during this fun winter slime activityly Practice following directions and sequencing during this fun winter slime activityly Practice following directions and sequencing during this fun winter slime activityly Practice following directions and sequencing during this fun winter slime activityly Practice following directions and sequencing during this fun winter slime activityly Practice following directions and sequencing during this fun winter slime activityly Practice following directions and sequencing during this fun winter slime activityly Practice following directions and sequencing during this fun winter slime activityly Practice following directions and sequencing during this fun winter slime activityly Practice following directions are slime activityly practice following directions and sequencing during this fun winter slime activityly practice following directions are slig students and without visuals for older studentsSequencing activity with visuals for younger students and without visuals for older students Sequencing activity with visuals for older students Novel Study / Unit Planby This novel study is based on the book: Slime by David Walliams. There is a unit plan included with the novel broken down into 16 lessons, with activities relevant to each lesson/chapter. A Shapes Word Bank is included for students to refer for correct spelling. In this Breakout/Escape activity, students will interact with digital media including article Taste Safe Chia Slime ~ Sensory Recipe Cardby Use this Taste Safe Chia Slime Recipe Card to create beautiful sensory materials for children to explore and use in their play and learning. Bright letters, clear pictures and simple step by step directions help older children follow along and take charge in creating these fun and engaging materials. Download all the recipes and put them in a 3-ring binder to create your vary own recipe book filled with all your favorite sensory play materials and projects! Great for: Sensory Exploration. STEM learni End of Year Awards: Your students are going to LOVE these!! These awards have a fun theme of: "It's been a "FAD" ulous school year!" Your kids will love the memories that go along with these awards. Make the slime and determine if it represents a solid, liquid or gas using the tests provided. This slime stem challenge combines the love of playing with slime with solving a real-life science problem. We need the help of your students to build an ocean slime scoop that can successfully scoop up the slime. A fun way to practice "s" blends is through spider smash! S Blend Spider Smash covers 7 different "s" blends including: 1.Initial /sm/: star, stop, stick, steam, stairs, street, storm, steak, smooth, smog 3.Initial /sm/: spider, spider spot, speech, sponge, spine, space, spaghetti 4.InitiPage 25Do you create resources for speech therapy and for Speech-Language Pathologists? I usually have students look these words upPage 2How To Make Fluffy Slime! Making slime in the classroom is insanely fun, and I have taken all the guess work out of it for you! With (Kid Friendly!) Step by Step Picture Instructions, Tips & Tricks, Demo Photos, Thinking Maps & Writing Templates you have a days worth of fun all in one resource!
